APCCMI 2025 Newsletter | February

APCCMI 2025 is a premier event that unites professionals in clinical microbiology, infectious diseases and public health. The Asia Pacific Congress of Clinical Microbiology and Infection (APCCMI) is the biennial congress for the Asia Pacific Society of Clinical Microbiology and Infection (APSCMI). Among the topics being featured are:

- Effective Strategies in Hospital Diagnostic Stewardship in Asia by Dr. Mina Kim (Korea)
- Effective Strategies in Hospital ASP by Dr. David Lye (Singapore)
- Antifungal Stewardship: Rationale and Its Impact by Dr. Anucha Apisarnthanarak (Thailand)
- Integration of Antimicrobial Stewardship and IPC to Reduce MDROs by Dr. Paul Tambyah (Singapore) and many more.
